PROFESSIONAL EXPERIENCE

CTO & Co-Founder

Magistro LTD | Remote

August 2025 – Present

- Lead all technical operations and software engineering processes.
- Architect scalable systems and oversee product development.
- Build modern web applications using React, Next.js, Laravel, and WordPress.
- Coordinate engineering teams, project timelines, and deployments.

- Drive innovation and improve software delivery processes.

Full Stack Developer

Africa Economic Forum | Abuja, Nigeria

2022 – 2024

Major Contributions:

- Developed and maintained the AEF Events Portal for event management and payment processing.
- Built DevJobsAfrica, a continental job platform for developmental opportunities.
- Developed Voluntary Service Africa (VSA), supporting over 1000 volunteers.
- Rebuilt the Africa Economic Forum's primary organizational website.
- Developed over 10 web platforms for affiliated organizations and initiatives.
- Designed APIs, admin dashboards, CMS systems, and responsive interfaces.

Full Stack Developer

Nader Tech | Abuja, Nigeria

2021 – 2022

- Developed fintech and investment platforms including Coin Harbour and GBTO.
- Integrated payment systems and third-party APIs.
- Built responsive user dashboards and admin management systems.
- Optimized application performance and user experience.

MY FEATURED PROJECTS

Livios

Housing solution application connecting house seekers with house owners through an easy-to-use digital platform. Developed responsive interfaces, property listings systems, search functionalities, and seamless user experience workflows.

TizzPay

Smart payment solution designed to simplify and accelerate payments. Implemented location-aware scanning features that suggest nearby users for quick payment transfers and improved transaction experiences.

Magistro

Mentorship and learning platform connecting skilled mentors with users seeking to learn valuable skills. Developed onboarding systems, dashboards, mentor-student matching features, and scalable application architecture.

EDUCATION

Master of Science (MSc) Information Technology

National Open University of Nigeria (NOUN)

2024 – Present

Bachelor of Science (BSc) Computer Science

University of Abuja, Abuja, Nigeria

2016 – 2021

PROFESSIONAL STRENGTHS

- Full Stack Web Development
- Mobile Application Development
- Technical Leadership
- WordPress Development
- REST API Development
- Responsive UI/UX Design
- Remote Team Collaboration
- Problem Solving & Debugging
- Multi-project Management
- Fast Learning & Adaptability
